

Workshop on How to Conduct a Cochrane Systematic Review

March 28-29, 2019
The MacKenzie Room, Huang Engineering Center
Stanford University
Stanford, CA, USA

Details: This intensive, 2-day workshop co-hosted by Cochrane Eyes and Vision U.S. Satellite and the Meta-Research Innovation Center at Stanford (METRICS) will guide participants through steps of developing a systematic review using the latest Cochrane methodology. It will offer lectures and hands-on sessions, providing plenty of opportunities to apply the methods and interact with the faculty. The workshop will be led by a team who has extensive expertise in conducting systematic reviews and in leading the development of methods to improve systematic reviews. Cochrane Eyes and Vision review authors who have a registered title, protocol, or review in *The Cochrane Library* are highly encouraged to attend. Registration fees start at \$90.

Tianjing Li, MD, PhD, MHS
Associate Professor of Epidemiology
Johns Hopkins Bloomberg School of Public Health

Steven Goodman, MD, PhD
Professor of Medicine and Epidemiology
Stanford University School of Medicine

Quan Dong Nguyen, MD, MSc, FAAO
Professor of Ophthalmology
Stanford University Medical Center

Objectives:

- Describe the essential steps of conducting a systematic review
- Developing an answerable question using the PICO framework
- Gain familiarity with the tool for assessing risk of bias in randomized trials
- Describe the process used to collect and extract data from reports of primary studies
- Describe the process of analyzing, presenting, and interpreting the results of meta-analyses
- Enter and analyze data for a systematic review using the Cochrane's RevMan software
- Identify and resolve questions and challenges encountered during the completion of a systematic review

Thursday, March 28, 2019 8:30AM – 5:30PM*
Friday, March 29, 2019 8:30AM – 5:00PM

*Note: a reception will follow the workshop activities on Thursday, concluding at 7:30PM.
