

MuSE Working Group 3 Project Update - November 2020

Member Updates

A huge thanks to all who have updated and provided their stakeholder categories. If you have not already done so, kindly let us know which of the stakeholder group(s) you belong to by filling in the google sheet [here](#).

Overall Study Protocol

The overall study protocol has been published in Systematic Reviews. It can be found [here](#).

Systematic Reviews Update

Comments that were received from members have been addressed and the reviews have been submitted to Campbell. Members involved in the various reviews will be completing data extraction in the coming weeks, and we'll be sending out preliminary findings for all members' input.

Other Team Update

The chapter publication by Tom Concannon and colleagues (RAND/PCORI) can be found [here](#).
